Öleinfülltrichter für Motorräder

Cranked spout funnel designed to access hard to reach areas, such as motorcycle engine oil fillers, car and van brake and clutch master cylinders; particularly useful for those positioned at the back of the engine bay. The angled spout has a reach of 240mm and can be unscrewed to offer a straight funnel (145mm diameter, 135mm deep). The funnel has a side handle for ease of use and is supplied with a mesh filter to prevent debris entering the tank. Made from oil and fuel resistant polypropylene making it perfect for automotive use.
