Steering Wheel Lockout Cover 400mm

400mm diameter vinyl steering wheel lockout cover, designed to work as a visual deterrent to prevent unauthorised personnel from attempting to start or move a hybrid/electric vehicle whilst being worked on. It features a metal grommet allowing for a hasp or padlock to then fix the cover in place.

Additional Information

- Warning message to employees not to start the vehicle unless authorised to do so.
- Screen printed on re-inforced vinyl with a stitched pocket that fits over the steering wheel.
- Suitable for cars and vans with steering wheels up to 400mm in diameter.
- Includes a metal grommet to accommodate a padlock or hasp to fix the cover in place, please see Laser Part Nos. 6641 (Safety Lockout Padlock) or 7942 (Lock Out Hasp).
- Part of the Hybrid/EV safety lockout range, but also useful in any application where vehicle access needs to be restricted or any case where the vehicle needs to remain stationery and switched off such as when timing tools are being used.
