LASER®

7253

Zestaw do wyciagania balansera - BMW

The 7253 is made up of the tools required to remove, replace and time the balance shaft on the BMW 1.5 diesel, 1.2 & 1.5 petrol engines. Laser recommend the use of the Laser 6997 timing tool kit and Laser 7067 split gear alignment tool when refitting the balance shaft split gear. NOTE: the use of 7253 requires the use of a copper mallet to drive out the balance shaft. Wear protective gloves and eye protection at all times during use.
