

Tool Box - 5 Tray 425mm (17")

A compact 5 tray cantilevered bright red tool box. Robust steel construction with a durable painted finish. There is a larger base storage area and 4 cantilevered trays that open out for full tool access. The base compartment has room to fit larger tools and the 4 trays offer plenty of options for tool organisation. One of the top trays has a divider making it ideal for smaller items. The sturdy twin handles interlock keeping the tool box firmly closed and spreading the load evenly when carrying. The lid includes a padlock hole for extra security (padlock available separately). The ideal tool box for keeping a large number of smaller tools organised and safely stored.

Additional Information
