

Glow Plug Socket Set 3pc

Specifically designed for gaining access to the glow plug when the cable restricts access on Fiat, Alfa Romeo, Vauxhall, Opel and Saab, as well as some PSA models.

Additional Information

- Application: Alfa Romeo 147, 156, 159, GT, Spider, Brera; Fiat Bravo, Stilo; Vauxhall/Opel Astra, Signum, Vectra-C, Zafira; Saab 93, 95.
- Sizes: 8, 9, 10mm.
- These sockets have a lateral slot to go round the cable attached to the glow plug.
- Removes the need to remove the wires from the glow plug.
- Manufactured from chrome vanadium.
