

Torx Plus® Socket Set 1/4"D 6pc

A set of EP (6-sided) Torx Plus® profile 1/4"D sockets, from 6EP to 12EP, allows power to be transferred to Torx Plus® fastenings without damage.

Additional Information

- Socket sizes: 6EP, 7EP, 8EP, 10EP, 11EP and 12EP.
- Torx Plus® (6 sided) profile x 23mm long.
- Supplied on a socket rail.
- Manufactured from satin finish chrome vanadium.
- Torx Plus® EPL (6 sided) profile maximises torque transfer to the fastener, and is commonly found on specialist automotive applications, such as automatic gearboxes and clutches.
