

Mini Open Ended Spanner Set 6pc

Set of six mini open-ended spanners sized from 3.2mm up to 8mm. The compact, slim design is excellent for accessing small nuts and bolts, especially when space is restricted. A quality set manufactured in strong, satin-finished carbon steel presented in a wallet for easy storage. Ideal for securing electrical connectors, carburettor linkages and adjusters, speaker mountings and the small fixings found on radio-controlled model cars, computers and other electronic items.

Additional Information
