

Auto Technicians Tool Kit

A mid-range set of automotive hand tools. The 144 piece tool set has been chosen with auto technicians in mind to cover a wide variety of service & maintenance tasks. The kit is supplied in a heavy duty lockable 7 drawer roll cabinet. The drawers have roller bearing slides for smooth use even when fully loaded. The cabinet is made from cold rolled steel with a powder coated paint finish and has 2 fixed and 2 swivel wheels with brakes for easy manoeuvrability around the workshop.
