

AC/DC Digital Clamp Meter CAT III 1000A

Digital Clamp Meter suitable for use on all 12V system vehicles, as well as modern Hybrid and EV's.

Additional Information

- Digital clamp tester for AC/DC current measurement - CAT III 600V rated.
- True RMS current and voltage readings regardless of waveforms.
- 30mm clamp jaw opening.
- Specification: AC/DC current to 1000A, AC/DC voltage to 600V, AC/DC power to 240kw, resistance to 40MOhm, frequency to 10MHz, continuity and diode check, low battery indicator, data hold facility and auto power off.
- Supplied with test leads, carry case and battery. CE, UKCA & RoHS compliant.
