

Freilaufwerkzeug BMW/Mercedes-Benz

Freewheel mechanism for BMW and Mercedes-Benz originally designed to allow movement of the vehicle when the Intelligent Servo Module has failed or the car is stuck in park. Developed to allow the BMW and Mercedes-Benz vehicles listed to be moved even with the gearbox/transmission locked.

Additional Information

- Einsatzmöglichkeiten: Für inaktives intelligentes Servomodul/Getriebedefekte
- Auch geeignet für Räder, die sich nicht drehen lassen
- Entspricht OEM 164589036300
- Deutsches Patent DE 20 2014 009 687.2
-
