

Torque Multiplier Set 1500Nm

Heavy duty torque multiplier, with maximum torque output of 1500Nm, for loosening and tightening threaded fasteners on the heaviest of applications.

Additional Information

- Torque multiplier 1/2"D (F) to 3/4"D (M).
- Gear ratio 1:9; torque ratio 1:6.5.
- Max. torque input: 231Nm; max. torque output: 1500Nm.
- Contents: torque multiplier; reaction bar 380mm long; 90° reaction bar; 90° reaction base; 2 x break-away adaptors and a hex key.
