

Extendable Microfibre Wash Mop

Extendable microfibre wash mop with detachable, rotating head for vehicle or home use. The ultra absorbant microfibre mop collects dirt and dust with ease - perfect for windscreens, light commercials, caravans, boats, conservatories, tiled floors, bathrooms etc.

Additional Information

- The extra long microfibre chenille fabric can be used for washing or drying, waxing, dusting and polishing.
- The 180° rotating head can be detached for hand use & the micro fibre cover can be removed for cleaning.
- The handle extends from 64 to 108cm.
- Extra absorbant.
- Replacement mop covers available - see Laser Part No. 7713.
