

Broken Glow Plug Tip Puller Master Kit M8, M9 & M10

Complete glow plug tip extraction tool set for M8, M9 and M10 glow plugs supplied without cleaning tools. If cleaning tools required, please see Laser Part No. 6646.

Additional Information

- Kit includes: M8 x 1mm, M9 x 1mm, M10 x 1mm and M10 x 1.25mm glow plug tip extraction tools.
- Unique extended drill bits for increased access, with crimped ends and a built in depth control collar to ensure the maximum depth cannot be exceeded.
- Specially machined thread taps, crimped and welded to extra-long extensions for increased access.
- Due to the size of individual threaded components and the nature of the task, all components should be considered consumable. Spare parts are available.
