LASER®

Broken Glow Plug Tip Puller Kit M10 w/o cleaning tools

Broken glow Plug Tip removal kit for M10 glow plugs. Supplied without cleaning tools. For cleaning tools, please see Laser Part No. 6646.

Additional Information

- Applications include: M10 x 1mm, M10 x 1.25mm glow plug tip extraction tools.
- Unique extended drill bits with crimped and welded ends for increased access and a built in depth control collar to ensure the maximum depth cannot be exceeded.
- Specially machined thread taps, crimped and welded to extra-long extensions for increased access.
- Due to the size of individual threaded components and the nature of the task, all components should be considered consumable. Spare parts are available.
