

Cordless Variable Speed Impact Drill 20V w/o Battery

A professional workshop 'one battery powers all' cordless tool range with brushless motor technology built for daily use. The brushless motor works harder, lives longer and includes the latest overload protection technology. This dual speed impact drill delivers a comfort grip, variable power control and uses a 13mm keyless chuck. Features include metal gears and a maximum torque of 130Nm coming from 23 settings, changeable hammer, drilling or screwdriving action, a fixed belt clip holder and an LED light to enhance workspace. Other tools in the family are an impact screwdriver, impact wrench 1/2"D, polisher and an angle grinder, all supported by a 4 amp, 10 cell lithium battery (purchased separately) allowing professional users to run one whilst charging one, giving potentially uninterrupted use. Cordless power is fast becoming the experts choice over mains or pneumatic, bringing extra safety to the workshop environment.

Additional Information

- 13mm keyless chuck, belt clip & an innovative LED light control circuit keeps the workspace lit for several seconds after releasing the trigger.
- Variable speed control with switchable 2 speed setting, forward & reverse button with 23 torque settings for hammer action, drilling and screwdriving (max: 130Nm).
- No Load Speed: 500/1750rpm; impact rate: 9600/32000 BPM.
- Optional High Torque Support Handle available, please see Laser Part No. 8074 - recommended for torque settings over 80Nm.
- CE, UKCA & RoHS compliant. 4.0 AH 20V battery, Part No. 8007. Battery chargers available - please see Laser Part No. 8008 (BS, UK plug) & 8009 (Euro plug). To store the tools for mobile use, order Part No. 7846 - 18" wide opening tool bag with hard base for durability.
