

Fuel Line Pliers, Swivel Jaws

Fuel line pliers specially designed for the removal and replacement of hard to reach connections on vehicle fuel lines during maintenance or when replacing fuel filters. The longer length swivel jaws provide increased flexibility, allowing greater access and leverage to deep seated or hard to reach connectors.

Additional Information

- Compresses the quick disconnect lugs without damaging the connector.
- Long length & swivel jaw allows for use on hard to reach fuel line connectors.
- Applications include: Audi, Fiat, Mercedes-Benz, Vauxhall/Opel & VW Group vehicles.
- Swivel jaw manufactured from S45C steel, with the handle vinyl dipped for grip & comfort.
- For our range of quick connectors, please see Connect Part Nos. 37206 - 37223.
