

Balance Shaft Removal & Installation Kit - JLR 2.0L

Designed to allow the safe removal, fitting and timing of the gear-driven balance shaft on the Jaguar Land Rover AJ200 2.0L diesel engines. The kit contains all the essential components to enable the balance shafts to be aligned when reassembling the components. NOTE: For camshaft timing, Laser recommend the use of Part No. 7430 timing tool kit, available separately.
