

Insulated Interchangeable Screwdriver Set 16pc

A fully insulated interchangeable screwdriver set, IEC60900:2018 approved for safe operator use on live circuits up to 1000v AC and 1500v DC. It features both a regular straight handle, and a T-Handle driver, together with 11 screwdriver blades which simply push into the handles and lock into place. Also included are 2 x spinning end caps which allow the screwdriver blades to be as precision screwdrivers, together with a circuit tester (suitable for use from 110 – 250v AC). Suitable for use by technicians and mechanics working on hybrid and electric vehicles, together with professional electricians and installers.
