

Hub Puller Adaptor Kit - 120mm to 160mm Hubs

Sized to fit the larger hubs found on SUVs, 4x4s and vans the Laser 8719 incorporates a unique design to ensure it can be used on 4, 5 and 6 stud wheel hubs. Machined with a M57x14T internal thread to allow hydraulic ram fitment and supplied with 1 1/2" x 16T and 5/8" UNF adaptors the Laser 8719 can be used with Laser slide hammers, Laser hydraulic puller ram (Part No. 5654) and the impact screw (Part No. 5500).

Additional Information

- Applications include: SUV's and vans from Audi, BMW, Ford, Mercedes-Benz, Porsche & VW.
- Covers 4, 5 & 6 stud hubs with PCD range of 120 - 160mm. Tool internal diameter 84mm.
