

Easy Flow Pump 20L Drums

An easy-flow pump for use with 20L oil drums and suitable for use with engine oil, gear oil, and transmission fluid (ATF). It features a D-shaped handle, for easy down stroke, 50" PVS hose with an internal wire spring to help reduce kinking, and a curved aluminium spout.

Additional Information

- Suitable for engine oil, gear oil & transmission oil (ATF).
- Features a Nylon upper pump body, with steel tube, aluminium spout & 127cm (50") PVC hose.
- Flow rate: 70cc per stroke.
- Designed to fit 2 1/4" threaded drums. Also supplied with 88RA drum adaptor, for use on 20L plastic oil drums.
- Can also be used with Laser thread adaptor kit, Part No. 7622
